

MISSION STATEMENT

HK9 Security Services Ltd is committed to providing reliable quality protection services to a variety of industries through custom-designed security strategies, expertly trained security officers, and excellent customer service. **HK9 Security Services Ltd** aims to set the bar for private security services in the United Kingdom by using innovative practices, having the highest of expectations for our personnel, and supporting our guards with hands-on management and exceptional training. Our company is led by experts in the field of security who are committed to helping private enterprises and homeowners alike in securing their property and assets. In order to meet the needs of our diverse clients, we custom design a security plan for each location and encourage open communication between our clients and management team. Our security team consists of trustworthy, responsible guards who are all licensed by **the Security Industry Authority** (SIA). In order to be hired, every one of them had to pass a very selective hiring process that includes a series of interviews with our management team, a thorough background check, personal reference checks as per BS7858. In addition to administering a very selective hiring process, we have them complete a rigorous training course that is designed to ensure that they are fully prepared to handle any security assignment.

Our unique concept of tailoring each security service to each individual client's requirements sets us apart from any other company in our industry.

"We believe that communication is the key to success in any relationship"
